

Professional Services | Integration & Migration

The Neustar Professional Services Team offers unparalleled industry experience and technical expertise to address your most challenging issues. Our team of experts is ready to discuss your integration and migration requirements and create a custom solution that fits your needs.

Integration Services

The Professional Services team can help integrate your current systems and policies with the Neustar UltraDNS and Webmetrics Monitoring platforms. Specifically, we can assist with the following activities:

- Helpdesk policies and procedures related to DNS updates
- Integration with other Support ticketing systems
- Compliance Assistance with DNS, DHCP and IPAM for Sarbanes-Oxley, HIPAA, ISO and others
- Single Sign On (SSO) Integration and customized authentication to the Neustar platform
- API Integration with other systems
- Custom dashboards and reporting (performance monitoring)

Migration Services

Your DNS and DHCP services are mission-critical to your daily business operations. Neustar's Professional Services team can assist you with critical infrastructure changes to these services to ensure a smooth transition to your new platform. We'll work closely with you to develop an individual migration, test and cutover plan that minimizes or eliminates any downtime.

Our staff is experienced with a wide variety of integrations and migrations utilizing the following technologies:

- BIND DNS
- DHCPD
- Microsoft DNS/DHCP
- ISC BIND and DHCPD
- Cisco CNR
- MetalInfo
- Infoblox
- Alcatel-Lucent VitalQIP
- BT Diamond IP
- BlueCat Networks
- Neustar Managed DDI (DNS DHCP IPAM)

Our team of Professional Services Engineers will work with you to scope the level of effort required for your migration and develop a thorough, customized project plan. Neustar is ready to mobilize its community of professional and industry experts on your behalf! Contact us today to learn more and to schedule your own personalized consultation.
