NeuStar Experts in Common Short Codes, CALEA Compliance and Wireless Number Portability Available at CTIA Wireless I.T. & Entertainment 2005

WASHINGTON, D.C. – NeuStar (NYSE: NSR) subject matter experts will be available for discussions at the CTIA Wireless I.T. & Entertainment 2005 conference, September 27-29, 2005 at the Moscone Center in San Francisco.

NeuStar will discuss how common short codes enable content providers to create new multimedia messaging services that extend across multiple mobile networks.

Additionally, NeuStar will provide updates on wireless number portability and explain how its CALEA (Communications Assistance for Law Enforcement Act) compliance and fraud service platforms help address industry challenges.

CTIA Wireless I.T. & Entertainment is a highly regarded industry conference, showcasing two important drivers of the wireless data market: enterprise and entertainment.
